

7-28-76

Dear Clara -

I know that you are as busy as the proverbial one arm paper hanger - but time is getting short on our golf day at the Maidstone Club and I am wondering what has been done.

The date given us as you will remember is September 22nd - with September 23rd as a rain date.

As mentioned in my letter of last November - July is not too soon to get working on the affair - i.e. - posters - squibs in the Star - tickets - and contact with Louie Ialacci and Ken Schenck who always help us out.

Every organization and its brother will be having benefit golf days in September and the one that gets its date before the public first will be the one that is most successful.

Know you will be glad when the summer is over and you can get back home again.

Sincerely,
