Dear Avis:

Thank you for your kind letter regarding the benefit show at the neighborhood house last week.

My concern for next year would be that more support be given to the filling of the house. It would seem to me that 250 people could be squeezed into the auditorium and, as we take no expense money whatsoever, the neighborhood house could net either \$750.00 or \$1,000.00 depending on ticket prices. As a local person (who had their tonsils taken out there) who feels quite strongly that the Whalers and Sweet Adelines should do all they can to assist local groups such as the Neighborhood House, I would very much like to see this annual benefit. If you would discuss this with your board and give us some assurance that the board would get behind it I think that I can make arrangements on this end.

I am sure that you can appreciate the fact that the two groups will be saying to me that unless the sponsoring organization gives 100% why should they.

A Wednesday evening toward the end of January next year would be best for us.

SING-cerely,

James M. Strong, Jr.
