

September 21, 1977

Board of Governors
Maidstone Club
Box 850
East Hampton, New York 11937

Gentlemen:

In alternate years - the last one being 1976 - the Board of Governors of the Maidstone Club has given the East Hampton Visiting Nurse Association a date in September on which to have a benefit golf day.

Monies for the work of the Neighborhood House are raised through our annual appeal letter which is sent out in May - the "golf day" is the only other project that we have.

We will be grateful if the Board of Governors can give us a date in September 1978 so that we can again have our "golf day" at the Maidstone Club.

Very truly yours,
for the
Board of Directors

(Mrs. John B. Usher, Jr.
Secretary-Treasurer
