

August 5, 1975

Board of Governors  
Maidstone Club  
Box 850  
East Hampton, New York 11937

Gentlemen:

In alternate years - the last one being 1974 - the Board of Governors of the Maidstone Club has given the East Hampton Visiting Nurse Association a date in September on which to have a benefit golf day.

Monies for the work of the Neighborhood House are raised mainly through an annual appeal letter which goes out in May - the "golf day" is the only other project we have.

We will be grateful if the Board of Governors can give us a date in September 1976 so that we can again have our golf day at the Maidstone Club.

Very truly yours,

for the  
Board of Directors

---

(Mrs. John B. Usher, Jr.  
Secretary-Treasurer
