Thursday 3:00 - 5:00 PM --- Catholic Boys
7:00 - 10:00 PM --- Ladies Service Club- the oldest organization - 54 years - of the house. Once a month these ladies have a supper which will include a friend or relative. The oldest, who will be 89 on her next birthday, is Mrs. U. S. Adams. This is an exceptional group of women who still contribute much to Neighborhood House. Even though they can no longer do the many things they did when younger, they continue to sew rugs and hold rummage sales in order to keep busy and contribute at the same time. I have been expected to be a member of this organization, and have found it an educational and enjoyably wholesome experience.

Fridays and Saturdays are filled with all needs as they come up. For instance - the Lion's Club benefit cocktail party for us was held on a past Saturday. The past Saturday was a part of a three day Church conference, which also included a noon luncheon.

To continue: The Easthampton Republican Club has been holding its meeting here; along with this some teacher's meetings, the Irish American Club, the Italian American Club, our Nursery Class mothers, the Settler's Landing and Hampton Waters Organizations.
