

Our chairs continue to be used by many privately - with a small up-keep donation of 15 cents a chair, and by many organizations which include the schools, Lions Club, Garden Club, churches, LVIS, Boy's Harbor, etc. Wedding, baby and birthday showers are scheduled as they come up during the year, - along with other activities as the need arises.

In the summers - mornings - our complete premises have been used by the East Hampton Boy's Club for over 35 years. This past summer the East Hampton Town Recreation Organization used our gym and grounds in a summer program for children.

Future scheduled time is arranged as the occasion allows.

see below → This concludes my report which is a duplicate of a listing given to Mrs. Malcolm Aldrich. This - with a letter - was read by Mrs. Aldrich to members of the LVIS ( finance committee) which she heads at this time; Its purpose being to promote a fuller understanding of the Neighborhood House for the LVIS.

Respectfully yours,

Alice E. Tumber  
Resident Directress  
Neighborhood House

Insert above:

Out of 26 children - six return in October for the year ahead. I would like to propose that we again increase the Nursery Class donation.

Two events have been held here since the change in our policy. In April a buffet dinner party bringing in \$100.00 ; In May a wedding reception for Roger Carras' daughter. Mr. Carras gave us a check for \$175.00.

The Democratic Club has been meeting here, and has reserved time in August to continue to do so.

I am hopeful that we will see the accomplishment of our new porch during the month of September when the house is closed.
