To Hiram S. Miller,
Dear Sir:

Your letter of May 7th was duly received. I am quite willing and would be glad to have you go back to the Island if you wish when your lease at Bay Shore expires, or earlier if you wish, if you are not afraid of the ticks. Of course under the present lease I have the house until October 1st - and if you choose you can take back "Dora" and also "Pete" and "Lil" and I could send you some dog biscuit.

I think it very doubtful that if I shall be able to shoot or even walk through woods &c this autumn.

I am able to see but very little with my right eye and I want to see if it will improve - The doctor does not encourage me to think so. Therefore it would not be worth while for me to possess the lease even for one year for I could not use it.

Things may possibly improve with me but it is not questionable that I told Lion he had better advertise if he wished. I think it don't pay tho' if you do, he gets a tenant: it needs some one of leisure and with a fairly good sized boat for the winter weather. Of course if I should desire I should stipulate that the telephone be replaced - but all that is as yet quite uncertain and if Lion does succeed in leasing to anybody they might wish to take

permission before October 1st
do as to get things ready for
the shooting season and if
I could be disturbing not to
let them have it in time should
such be the case. At any rate
it would give you a reason
for the present and give you
time to look around, but you
must not forget the ticks
or run a risk in consequence
- it is just as you think best.

Let me know when, or if,
you do go and tell me the
when and when to send
the dog biscuit, and where.

I would expect to get
down to Green ^{with the gun} post ^{about}
after the middle of June -

I hope that you and Mrs
Miller and Anna are all well.
Yours truly F. Amy. Schenckton
