Dear

The committee in charge of restoring the war memorial on Ashawagh Hall green and gathering the names of Korean and Vietnam veterans from Springs for a new plaque, would also like to collect a little personal information on those veterans. The plaque has been done and awaits its dedication on Memorial Day. We hope to have a community service on that day, probably after the one in the Village. Could you please answer the questionnaire below, add any other family history you'd like, and return as soon as possible? A photo would, of course, be also of interest.

Thank you,

Heather Anderson
